

Guidelines for the e-Aushadhi Portal for Ayurveda, Siddha, Sowa-Rigpa and Unani Systems (Licenses under Form 25D/25E)

1. Registration on the e-Aushadhi Portal shall be mandatory for submission of any application related to the Ayurveda, Siddha, Sowa-Rigpa, and Unani (ASSU) systems. One registration shall be valid for only one manufacturing license. In case a firm possesses multiple licenses, separate registration shall be required for each license. Upon successful registration, the registered applicant shall be eligible to apply directly for fresh license applications through the portal.
2. Existing ASSU manufacturing license holders operating under Form 25D/25E shall be required to submit all previously approved data, in digital form, through the Legacy Module of the portal.
3. Submission of the following details shall be mandatory during the first phase of Legacy Data Verification:
 - Details of Technical Experts;
 - License details, wherein the license must be perpetual in accordance with the prevailing rules.
4. Details of Technical Experts shall be filled strictly in accordance with the provisions prescribed under the Drugs and Cosmetics Act, 1940 and the Rules made thereunder applicable to Ayurveda, Siddha, Sowa-Rigpa, and Unani systems.
5. In cases where a manufacturing unit is utilizing an external laboratory facility, it shall be mandatory for such laboratory to be duly registered on the portal for the purpose of selection and linkage as an outside testing laboratory.
6. Under the Legacy Module, only perpetual licenses shall be accepted. Applicants shall provide complete details regarding the date of issue and the date of enforcement of the license.
7. Although not mandatory during the first phase, it is recommended that at least one approved product from category of each dosage form, along with copies of the approved permissions, to be submitted in the prescribed format.
8. After submission of the Legacy Data, the same shall be verified by the concerned State Licensing Authority. Upon successful verification, the applicant shall become eligible to apply for additional applications such as Additional product, certificates, etc. through the portal.
9. The Legacy module Product Addition window shall remain open for a period of six months from the date of mandatory implementation of the portal. While applying for existing approved product addition, applicants shall be required to submit shelf-life details in accordance with the provisions of the Drugs and Cosmetics Act, 1940 and the Rules made thereunder applicable to ASSU drugs.
10. All applicants shall ensure that the information and documents uploaded on the portal are complete, accurate, and submitted in the prescribed format provided in the Notification- Annexure (refer website home page Notification section), so as to avoid delays in verification and processing of applications.
11. For any technical issues related to the website, applicants shall contact the support team through the contact details provided on the portal website. Such support shall be limited only to IT-related issues and requests for addition or modification of dropdown menus available on the portal. Applicants shall submit their concerns through email along with relevant screenshots and user details for timely resolution of issues.
12. For any other issues related to applications, it is advised that each State Licensing Authority shall provide a designated email address for prompt response and clarification regarding the use of the e-Aushadhi Portal. Further, user manuals for all

application modules shall be made available on the portal website for guidance and reference of applicants.

13. All manufacturers are advised to regularly check the “Latest Updates” section available on the homepage of the [e-Aushadhi Portal](#) from time to time for updates, notifications, guidelines, and other important instructions related to the portal and ASU licensing procedures.
